

# ~~BACTERIA~~ IS GREAT IN YOUR YOGHURT, NOT IN YOUR WATER

It's surprising what can be in our drinking water. Noble's Pureau however is 100% guaranteed to be completely free of bacteria. Our unique purification method also removes chlorine, sodium and other inorganic compounds such as nitrates. The result is pure water that's not only great for you, but remarkably refreshing to drink.

Take control of what's in your water. Noble's Pureau: the only water that's 100% guaranteed to be completely free of bacteria and other impurities. Your eight glasses of water a day have never tasted better.

Visit [www.noblebeverages.com/whf](http://www.noblebeverages.com/whf) for more information and find our new-look Pureau packaging in your local supermarket and selected health food stores today.
