

# IF YOU WANT ~~CHLORINE~~ IN YOUR WATER, DRINK FROM YOUR POOL

Chlorine is a useful disinfectant in tap water. But what if you don't feel like being disinfected? Noble's Pureau is 100% guaranteed to be completely free of chlorine. Our unique purification method also removes all bacteria, sodium, fluoride and other inorganic compounds such as nitrates. The result is pure water that's not only great for you but remarkably refreshing to drink.

Take control of what's in your water. Noble's Pureau: the only water that's 100% guaranteed to be completely free of chlorine and other impurities. Your eight glasses of water a day have never tasted better.

Visit [www.noblebeverages.com/anh](http://www.noblebeverages.com/anh) for more information and find our new-look Pureau packaging in your local supermarket and selected health food stores today.
